THE AMERICAN NEWSPAPER

ANNUAL AND DIRECTORY.

1305 pages, royal octavo, cloth, \$5 net, postage extra, postage 50 cents. Published by N. W. Ayer & Son, Advertising Agents, 133 State street, Boston. The 46th year of continuous publication brings us the 1914 edition of this comprehensive review of the newspaper and publishing industry. The book is full of valuable information for the publishers of this country and for all those who deal with them. The facts and figures pertaining to each of the 2,527 publications listed are presented in a condensed and get-at-table form.

The Annual and Directory is now the only publication of its kind which is compiled from information gathered from such thorough sources. George P. Rowell was the first to compile such a work, and for many years he issued the American Newspaper Directory. Following his death, the Directory, with its records, copyrights and property, was sold to N. W. Ayer & Son, who combined it with their Annual.

One especially valuable feature is the population of the United States, as given by the U. S. census of 1910 and the Canadian census of 1911.

At times, special attention has been given to the important matter of circulation figures.

Supplementary to the general catalogue are the classified lists, including dailies, magazines, women's, mail-order, agricultural, religious and the various trades and class publications, each class listed under a separate head.

This useful feature of the book is kept fully abreast of the times, as is indicated by some of its lists: Aeromantics, Moving Pictures, Esperanto, Woman Suffrage, etc.

The Annual and Directory likewise presents a vast amount of up-to-date statistics information showing the transportation, other than the railroads, of every town in which a newspaper is published, together with its leading industries, productions, etc.

This feature is supplemented by a specially prepared map of each state, showing practically every newspaper town.

Consequently, the Annual and Directory has been studied throughout, and the book places at the disposal of publishers, of advertisers, of business men, of students, libraries, etc., a vast amount of fresh information not to be procured elsewhere.

COLONIAL THEATRE.

Her Husband's Friend, Two-Real Feature, With Tom Moore.

What is one of the best motion picture plots of the season is expressed in the superb story of domestic infidelity at the Colonial theatre today in the film entitled Her Husband's Friend. Tom Moore, the popular player of the Salem cast, plays the part of the friend, and it is a strenuous one, indeed. A little wife is about to elope with an admirer, and the friend, after her husband's wife, and is discovered by the friend, upon whom she places the blame, and in a cleverly planned scheme arouses in her husband a spirit of distrust for his friend, the whole film being filled with thrilling events which follow upon the trail of elch other. Suffice it to say that the climax is a highly sensational one and thoroughly satisfying to the patrons' minds. How God Came to Sonny Boy is a brilliant Vitaphone drama with an equally brilliant child-actor. Her Husband's Friend is a strong western film story, and the comedy is supplied by the following films: Winby Willie and the Fisherman and Batty Bill's Honeycomb.

AT THE AUDITORIUM.

A good variety of vaudeville and pictures will be shown here this afternoon and evening, including Major James D. Doyle, known as the vest-pocket comedian, and who has quite a reputation in the larger cities as a first class entertainer. The feature picture for today is entitled The Story of David Craig, in two reels, with Jane Gail and Matt Moore in the leading roles. The Animated Weekly, showing a picture of Buster Ellonsky, the New London swimmer, will also be on the picture program.

On Monday a new vaudeville and picture bill will be introduced, with Matt and the Lady, a comedy, and Jack Farrell, a clever singing comedian, and Morris and Rich, presenting The Maid and the Fool, a comedy skit, in which they introduce some very neat dancing. The feature picture will be a two-reel 1913-Bison film entitled The Freedom of Cuba, a Spanish war drama, with Essie Ray and her \$5,000 horse, Arabia. A large clock has been placed in the lobby, and it is a pleasing installment to all.

MOOSUP

Special Town Meeting Called or Today

Funeral Services for Mrs. John Butler—Successful Food Sale.

Harold G. Kenyon, connected with the General Electric company of Pittsfield, Mass., has been a guest at the home of his parents, Mr. and Mrs. William H. Kenyon of Lake street.

Miss Christie Gifford of Putnam has been entertained recently at the home of J. Fred Barker.

A special town meeting has been called at the town house this (Saturday) afternoon at 3 o'clock, for the purpose of levying a tax on the assessment list of 1913 to meet the necessary running expenses of the town for the year ensuing; also to see if the town will make an appropriation to complete the remodeling of the town building, which has been under process for some time past. The rate for the levy the past year was \$2 mills.

Funeral services were held Thursday morning at All Hallows' church for Celia, wife of John Butler, whose body was brought from New London, Thursday, by Mrs. Butler, the daughter of Mr. Butler, who resides here. She was in her 42d year and had lived in Moosup for about six years ago, when with her husband she moved to Centerville. Burial was at Sacred Heart cemetery, Wauregan.

Good Sleighting and Coasting.

Thursday evening about 200 persons of all ages were out on Prospect Hill until a late hour, taking advantage of the excellent coasting. Sleighs have been pulled down and presented in commission for the first time in several years.

Ladies connected with the Methodist Episcopal church held a bazaar at the food store Friday afternoon at the store of C. D. Salisbury.

A Destructive Success.

"What has become of that man who said Mars is habitable?" He made the mistake of convincing too many people. There wasn't enough skepticism to keep up a fairly interesting controversy."

To Remove Ink Blots.

Ink blots can be easily removed from books by covering them with salt and rubbing gently with the fingers.

CATARRH TROUBLE ENDED BY HYOMEL

You Breathe It—No Stomach Dosing—Clears the Head.

Surely try Hyomel—nature's remedy for catarrh, head colds, sniffles, or croup of infants—a treatment that not only instantly clears the head and gives prompt and lasting benefit in all cases of catarrhal trouble, but is perfectly harmless and pleasant to use. Hyomel is composed of healing oils and balsams which mix with the air you breathe it by means of the small Hyomel inhaler or the vapor treatment.

When using Hyomel you are treating your catarrh troubles with the natural remedy—no rubbing about method, but a direct-to-the-point way. It's folly to doctor catarrh of the breathing organs with stomach medicine. Instead, breathe Hyomel. Its curative and antiseptic medication will immediately reach the most remote air cells in the nose, throat and lungs, quickly heal and soothe the raw and inflamed membrane. You feel better at once.

Hyomel has benefited so many sufferers of catarrh of the catarrh, cold in the head, bronchitis, and weak or husky voice, that it is always sold by the Lee & Osgood Co., under an absolute guarantee. Refund the money if it does not do all that is claimed. Ask your druggist for a complete Hyomel outfit, \$1.00 size. It contains inhaler and bottle of liquid.
